

Shell Scheme Specifications – IFAT Saudi Arabia 2026

Exhibitors who have booked a shell scheme stand will receive a stand erected to the following specification.

Please note that exhibitors' exhibition space will vary according to the contracted stand size and location. Please contact the IFAT Saudi Arabia Show Team should you wish to confirm your stand location and layout.

Please note this technical drawing is an example of a corner stand. The space the Exhibitor has booked with the Organiser may be a corner, terrace or island stand and may look different to this drawing. Please check with the Organiser should you wish to confirm your stand space.

Stand Construction:

Square profile fascia utilising aluminium metalwork with white forex infill wall panels, exhibition grade carpet, fascia with a name and stand number. Stand is built to an overall height of 3.0 metre including square profile fascia of 50cm height located above the wall. Sodem wall height should not exceed 2.5 metres.

Rear & Dividing Walls:

Sodem system with white forex infill panels (visible panel dimension 2388mm H x 954mm W). The forex panel is 3-6mm thick. Each wall panel is 1m W x 2.5m H including aluminum beam & pole. Number of wall panels for each stand will vary on how many sides open the stand has.

Floor covering:

Exhibition grade carpet is laid directly on the venue floor. Standard colour carpet for the shell scheme stand will be provided as part of the package. Any request to change the carpet colour will come at an additional cost.

Fascia Board:

Hanging Fascia panel size is 200cmW x 40cmH. The Exhibitor's name and stand number will be printed in vinyl lettering cut out at 70mm height upper case. It will be supplied on a hanging fascia panel fixed to the front and / or side of the shell scheme stand. Support columns will be positional at corners and in between where fascias exceed 3 running metres in length. The company name specified on the Fascia Name/Board form submitted via the online manual will be the name that will reflect on the stand fascia board.

Furniture:

Stand includes furniture package comprising 1 no. White Arc Table (MT21a), 2 nos. White Chairs (MC17), 1 no. White Lockable Cabinet (MD11), 1 no. White Bar Stool (MC85), and 1 no. Waste Basket (MA10) per 9sqm size of stand. It is prohibited to exchange/replace furniture items on the package. Exhibitors may order additional furniture items at an additional cost. Please refer to the below breakdown for number of furniture package for your stand size in sqm.

Stand Size (sqm)	Arc Table White (MT21a)	Chair White (MC17)	Lockable Cabinet White (MD11)	Bar Stool White (MC85)	Waste Bin (MA10)
0 – 17 SqM	1	2	1	1	1
18 – 26 SqM	2	4	2	2	2
27 – 35 SqM	3	6	3	3	3
36+ SqM	4	8	4	4	4

Lighting:

Spotlights on a track can only be installed on the overhead ceiling beam across the stand and each spotlight can be rotated 360 degrees. Please refer to the below breakdown list for number of spotlights for your stand size in sqm.

Electrical Sockets:

Each shell scheme stand includes **maximum of 500watts** power supply consumption. Any power supply requirement **above 500watts** must place an additional mains power order (e.g. coffee machines, kettles, large equipments, etc.) Electrical socket provided is a 3-PIN UK standard socket. Please contact **GES** directly at: ifatksa@ges.com if you require the sockets in specific positions in your stand. Otherwise, sockets will be installed in a default position at the discretion of GES. Any changes or socket relocations onsite due to the incorrect grid plan submitted, will incur a surcharge. Please refer to the below breakdown for number of sockets for your stand size in sqm.

Stand size (m ²)	Electrical Fittings Breakdown	
	Socket (3-PIN UK Standard)	LED Spotlight (30 Watts)
0 - 17 SqM	1	3
18 - 26 SqM	2	6
27 - 36 SqM	3	9

Stand Walls:

Please contact **GES** at: ifatksa@ges.com if you would like to attach any graphics to the stand walls. It is prohibited to affix nails, hooks, tacks, screws, adhesives, paint or similar items to any other part of the shell scheme structure. *Kindly note that you may affix lightweight posters, graphics materials etc. directly to the shell scheme walls with good quality double-sided adhesive pads or similar, however such material needs to be removed without damage to the wall panels or any parts of the stand during teardown. Any damage made to the panels will be charged **\$100 per panel** to the Exhibitor accordingly.*

IMPORTANT: Shell stands are reusable, and any damages will incur a fee.
