

# **Sustainable Shell Scheme Specifications – IFAT Saudi Arabia 2026**

Exhibitors who have booked a sustainable shell scheme stand will receive a stand erected to the following specification.

Please note that exhibitors' exhibition space will vary according to the contracted stand size and location. Please contact the IFAT Saudi Arabia Show Team should you wish to confirm your stand location and layout.

Please note these technical drawings are only examples. The space the Exhibitor has booked with the Organiser may be a corner, terrace or island stand and may look different to this drawing. Please check with the Organiser should you wish to confirm your stand space.

## **Stand Construction:**

Bematrix structure utilising aluminium metalwork with white fabric wall panels, exhibition grade carpet, fascia with a name and stand number. Stand is built to an overall height of 3.5 metres. Stand wall height should not exceed 2.5 metres.

## **Rear & Dividing Walls:**

Bematrix system with white fabric wall panels. Each wall panel is 1m W x 2.5m H including aluminum beam & pole. Number of wall panels for each stand will vary on how many sides open the stand has.

## **Floor covering:**

Exhibition grade carpet is laid directly on the venue floor. Standard colour carpet for the shell scheme stand will be provided as part of the package. Any request to change the carpet colour will come at an additional cost.

### Fascia Board:

Bematrix fascia wall. The Exhibitor's name and stand number will be printed in vinyl lettering cut out at 70mm height upper case. The company name specified on the Fascia Name/Board form submitted via the online manual will be the name that will reflect on the stand fascia board.

### Furniture:

Stand includes furniture package comprising 1 no. White Arc Table (MT21a), 3 nos. White Chairs (MC10), 1 no. White Lockable Cabinet (MD11), 1 no. White Bar Stool (MC85), and 1 no. Waste Basket (MA10) per 9sqm size of stand. It is prohibited to exchange/replace furniture items on the package. Exhibitors may order additional furniture items at an additional cost. Please refer to the below breakdown for number of furniture package for your stand size in sqm.

Stand Size (sqm)	Arc Table White (MT21a)	Chair White (MC10)	Lockable Cabinet White (MD11)	Bar Stool White (MC85)	Waste Bin (MA10)
0 – 17 SqM	1	3	1	1	1
18 – 26 SqM	2	6	2	2	2
27 – 35 SqM	3	9	3	3	3
36+ SqM	4	12	4	4	4

### Lighting:

Arm Lights are installed on the top of the walls. Please refer to the below breakdown list for number of spotlights for your stand size in sqm.

### Electrical Sockets:

Each sustainable shell scheme stand includes **maximum of 500watts** power supply consumption. Any power supply requirement **above 500watts** must place an additional mains power order (e.g. coffee machines, kettles, large equipments, etc.) Electrical socket provided is a 3-PIN UK standard socket. Please contact **GES** directly at: [ifatksa@ges.com](mailto:ifatksa@ges.com) if you require the sockets in specific positions in your stand. Otherwise, sockets will be installed in a default position at the discretion of GES. Any changes or socket relocations onsite due to the incorrect grid plan submitted, will incur a surcharge. Please refer to the below breakdown for number of sockets for your stand size in sqm.

Stand size (m²)	Electrical Fittings Breakdown	
	Socket (3-PIN UK Standard)	Arm Lights (21Watts)
0 - 17 SqM	1	3
18 - 26 SqM	2	6
27 - 36 SqM	3	9

**Graphics:**

Graphics are included; however, artwork design creation is not part of the booth package. GES will only print and install the ready-to-print artwork files submitted. Please send your ready-to-print artworks to [ifatksa@ges.com](mailto:ifatksa@ges.com), on or before **8<sup>th</sup> January 2026**.

**Guidelines are as follows:**

- Ready-to-print artwork files must be high resolution either in AI, PDF or EPS formats.
- Texts must be outlined.
- Photos must be embedded.
- File resolution at 150 dpi minimum, 1:1 scale
- For dimensions, please contact us at [ifatksa@ges.com](mailto:ifatksa@ges.com)

**Stand Walls:**

It is prohibited to affix nails, hooks, tacks, screws, adhesives, paint or similar items to any other part of the sustainable shell scheme structure. *Any damage made to the panels will be charged **\$100 per panel** to the Exhibitor accordingly.*

**IMPORTANT: Sustainable shell stands are reusable, and any damages will incur a fee.**
